Anesthesia - Analgesia

Effects of fentanyl on isoflurane minimum alveolar concentration in New Zealand White rabbits (<i>Oryctolagus cuniculus</i>)	111
<i>Linda S. Barter, Michelle G. Hawkins, and Bruno H. Pypendop</i>	

Cardiovascular effects of dopamine hydrochloride and phenylephrine hydrochloride in healthy isoflurane-anesthetized New Zealand White rabbits (<i>Oryctolagus cuniculus</i>)	116
<i>Jaclyn M. Gosliga and Linda S. Barter</i>	

Clinical Pathology

Evaluation of contact activation of citrated equine whole blood during storage and effects of contact activation on results of recalcification-initiated thromboelastometry	122
<i>Tanya M. Rossi, Stephanie A. Smith, Maureen A. McMichael, and Pamela A. Wilkins</i>	

Diagnostic Imaging

Regional metabolite concentrations in the brain of healthy dogs measured by use of short echo time, single voxel proton magnetic resonance spectroscopy at 3.0 Tesla	129
<i>Inés Carrera, Henning Richter, Dieter Meier, Patrick R. Kircher, and Matthias Dennler</i>	

Oncology

Evaluation of a ferret-specific formula for determining body surface area to improve chemotherapeutic dosing	142
<i>Krista L. Jones, L. Abigail Granger, Michael T. Kearney, Anderson F. da Cunha, Daniel C. Cutler, Meredith E. Shapiro, Thomas N. Tully, and Keijiro Shiomitsu</i>	

Ophthalmology

Intraocular pressure in clinically normal dromedary camels (<i>Camelus dromedarius</i>)	149
<i>Mohamed A. Marzok and Sabry A. El-khodery</i>	

Pharmacology

- Pharmacokinetics of pergolide after intravenous administration to horses 155
David I. Rendle, Kris J. Hughes, Gregory S. Doran, and Scott H. Edwards

Physiology

- Expression of monocarboxylate transporters I and IV and the ancillary protein CD147
in the intestinal tract of healthy horses and ponies 161
Anna K. Mykkänen, Mikael Niku, Mika Ilves, and Ninna M. Koho
- Evaluation of mean corpuscular volume difference as a marker for serum hypertonicity
during water deprivation in dogs 170
Jennifer M. Reinhart, Misty R. Yancey, Lisa M. Pohlman, and Thomas Schermerhorn

Tissue Regeneration - Healing

- Characterization of endothelial colony-forming cells from peripheral blood samples
of adult horses. 174
