Anesthesia - Analgesia

Effects of oxymorphone hydrochloride or hydromorphone hydrochloride
on minimal alveolar concentration of desflurane in sheep 583
*Rebecca S. Sayre, Mauricio A. Lepiz, Kristen T. Horsley, Medora B. Pashmakova, James W. Barr,
and Shannon E. Washburn*

Cardiovascular effects of equipotent doses of isoflurane alone and isoflurane plus fentanyl
in New Zealand White rabbits (*Oryctolagus cuniculus*) 591
Caitlin C. Tearney, Linda S. Barter, and Bruno H. Pypendop

Bone, Joint, and Cartilage

Changes in synovial fluid biomarker concentrations following arthroscopic surgery
in horses with osteochondritis dissecans of the distal intermediate ridge of the tibia. 599
Palle Brink, Roger K. W. Smith, Aage Tverdal, and Nils I. Dolvik

Musculoskeletal System

Development of a clonal equine myoblast cell line capable of terminal differentiation
into mature myotubes in vitro 608
Rosie J. Naylor and Richard J. Piercy

Neurology

Effects of nitric oxide on blood-brain barrier permeability in common carp (*Cyprinus carpio* L.) 615
Sanja Kovacic, Lada Rumora, Emil Gjurcevic, Maja Šegvic Klaric, and Goran Ivkic

Ophthalmology

Comparison of two- and three-times-daily topical ophthalmic application
of 0.005% latanoprost solution in clinically normal dogs 625
*Kyle L. Tofflemire, Elizabeth M. Whitley, Rachel A. Allbaugh, Gil Ben-Shlomo, Casey C. Robinson,
Taryn L. Overton, Charlotte E. Thiessen, Erin A. Evans, Angel N. Griggs, Sara A. Adelman,
Allison L. Ludwig, Jackie K. Jens, N. Matthew Ellinwood, Chimene S. Peterson,
and R. David Whitley*

Physiology

- Comparison of axillary and rectal temperatures for healthy Beagles
in a temperature- and humidity-controlled environment 632
Justin C. Mathis and Vicki L. Campbell
- Effect of exercise on serum markers of muscle inflammation in Spanish Greyhounds. 637
Vanesa Lucas, Rafael Barrera, Francisco J. Duque, Patricia Ruiz, and Concepcion Zaragoza

Surgery

- In vitro comparison of leakage pressure and leakage location
for various staple line offset configurations in functional end-to-end stapled
small intestinal anastomoses of canine tissues 644
Lane A. Hansen and Daniel D. Smeak

Toxicology

- Effects of azathioprine, 6-mercaptopurine, and 6-thioguanine on canine primary hepatocytes 649
Kathleen E. LaDuke, Sarah Ehling, John M. Cullen, and Wolfgang Bäumer
