

JAVMA News Digest

JAVMA News Digest	924
-------------------------	-----

Analytic Techniques

Assessment of an implant-skin interface scoring system for external skeletal fixation of dogs	931
<i>Mischa B. McDonald-Lynch, Denis J. Marcellin-Little, Simon C. Roe, B. Duncan X. Lascelles, Brian J. Trumpatori, and Emily H. Griffith</i>	
Effect of histologic processing on dimensions of skin samples obtained from cat cadavers	939
<i>Sakthila Jeyakumar, Annette N. Smith, Stephanie E. Schleis, Russell C. Cattley, D. Michael Tillson, and Ralph A. Henderson</i>	

Antimicrobials

Pharmacokinetics and bioavailability of orbifloxacin oral suspension in New Zealand White rabbits (<i>Oryctolagus cuniculus</i>)	946
<i>Megan K. Watson, Luke A. Wittenburg, Christine T. Bui, Kira A. Jarosz, Daniel L. Gustafson, and Matthew S. Johnston</i>	

Biomechanics

Influence of biomechanical parameters on cranial cruciate ligament-deficient or -intact canine stifle joints assessed by use of a computer simulation model	952
<i>Nathan P. Brown, Gina E. Bertocci, and Denis J. Marcellin-Little</i>	

Epidemiology - Statistical Modeling

Risk factors for carriage of antimicrobial-resistant <i>Salmonella</i> spp and <i>Escherichia coli</i> in pet dogs from volunteer households in Ontario, Canada, in 2005 and 2006	959
<i>Erin K. Leonard, David L. Pearl, Nicol Janecko, Rita L. Finley, Richard J. Reid-Smith, J. Scott Weese, and Andrew S. Peregrine</i>	

Immunology

Effect of leukoreduction on concentrations of interleukin-8, interleukin-1 β , and tumor necrosis factor- α in canine packed red blood cells during storage	969
<i>Sarah L. Purcell, Melissa Claus, Giselle Hosgood, and Lisa Smart</i>	

Molecular Biology

- Effect of in ovo administration of inulin and *Lactococcus lactis* on immune-related gene expression
in broiler chickens 975
Arkadiusz Płowiec, Anna Sławińska, Maria Z. Siwek, and Marek F. Bednarczyk

Oncology

- Serum α -I acid glycoprotein and serum amyloid A concentrations
in cats receiving antineoplastic treatment for lymphoma 983
Valter M. Winkel, Tatiana L. R. Pavan, Vera A. B. F. Wirthl, Ana L. N. Alves, and Silvia R. R. Lucas

Ophthalmology

- Evaluation of species differences and the effects of storage duration and temperature
on the anticollagenase efficacy of canine, feline, and equine serum
on in vitro corneal degradation 989
Emily D. Conway, Jean Stiles, Wendy M. Townsend, and Hsin-Yi Weng

Physiology

- Iron metabolism following intravenous transfusion with stored
versus fresh autologous erythrocyte concentrate in healthy dogs 996
*Virginie A. Wurlod, Stephanie A. Smith, Maureen A. McMichael, Mauria O'Brien,
Jennifer Herring, and Kelly S. Swanson*
