

JAVMA News Digest

JAVMA News Digest	1008
-------------------------	------

Analytic Techniques

Analytic validation of a gas chromatography-mass spectrometry method for quantification of six amino acids in canine serum samples	1014
<i>Rosana Lopes, Niels Grützner, Nora Berghoff, Jonathan A. Lidbury, Jan S. Suchodolski, and Jörg M. Steiner</i>	

Anesthesia - Analgesia

Effect of ketamine on the minimum infusion rate of propofol needed to prevent motor movement in dogs	1022
<i>Rachel A. Reed, M. Reza Seddighi, Agricola Odoi, Sherry K. Cox, Christine M. Egger, and Thomas J. Doherty</i>	

Biomechanics

Comparison of limb loading and movement of Icelandic horses while tölting and trotting at equal speeds	1031
<i>Nina M. Waldern, Thomas Wiestner, Lea C. Ramseier, and Michael A. Weishaupt</i>	

Cardiovascular System

Effects of high doses of enalapril and benazepril on the pharmacologically activated renin-angiotensin-aldosterone system in clinically normal dogs	1041
<i>Marisa K. Ames, Clarke E. Atkins, Seunggon Lee, Andrea C. Lantis, and James R. zumBrunnen</i>	

Immunology

Effect of firocoxib on cyclooxygenase 2, microsomal prostaglandin E ₂ synthase 1, and cytosolic phospholipase A ₂ gene expression in equine mononuclear cells	1051
<i>Michelle H. Barton, Joshua E. Darden, Sarah Clifton, and Michel Vandenplas</i>	

Musculoskeletal System

Effects of training at a walk on conventional and underwater treadmills on fiber properties and metabolic responses of superficial digital flexor and gluteal muscles to high-speed exercise in horses	1058
<i>Anna M. Firshman, Lisa A. Borgia, and Stephanie J. Valberg</i>	

Ophthalmology

- Tear film osmolality and electrolyte composition in healthy horses 1066
Lori J. Best, Diane V. H. Hendrix, and Daniel A. Ward

Pharmacology

- Pharmacokinetics of butorphanol delivered with an osmotic pump during a seven-day period
in common peafowl (*Pavo cristatus*) 1070
Meredith M. Clancy, Butch KuKanich, and John M. Sykes IV
- Pharmacokinetics of a single intramuscular injection of ceftiofur crystalline-free acid
in red-tailed hawks (*Buteo jamaicensis*) 1077
*Miranda J. Sadar, Michelle G. Hawkins, Barbara A. Byrne, Andrew N. Cartoceti,
Kevin M. Keel, Tracy L. Drazenovich, and Lisa A. Tell*

Urology

- Effect of castration on the urinary protein-to-creatinine ratio of male dogs 1085
Marie-Blanche Bertieri, Catherine Lapointe, Bérénice Conversy, and Carolyn Gara-Boivin
