Anesthesia - Analgesia

Effects of intravenous administration of lidocaine and buprenorphine on gastrointestinal tract motility and signs of pain in New Zealand White rabbits after ovariectomy	1359
<i>Rodney W. Schnellbacher, Stephen J. Divers, Jessica R. Comolli, Hugues Beaufrère, Christina H. Maglaras, Natalia Andrade, Laura A. Barbur, Desiree D. Rosselli, Marko Stejskal, Michele Barletta, Jörg Mayer, Paula Rodriguez, and Jane E. Quandt</i>	

Antimicrobials

Pharmacokinetics of ampicillin-sulbactam in serum and synovial fluid samples following regional intravenous perfusion in the distal portion of a hind limb of adult cattle	1372
<i>Sarah M. Depenbrock, Katharine M. Simpson, Andrew J. Niehaus, Jeffrey Lakritz, and Mark G. Papich</i>	

Clinical Pathology

In vitro effect of blood cell counts on multiple-electrode impedance aggregometry in dogs.	1380
<i>Katherine J. Nash, Lenore M. Bacek, Pete W. Christopherson, and Elizabeth A. Spangler</i>	

Diagnostic Imaging

Magnetic resonance imaging measurements of organs within the coelomic cavity of red-eared sliders (<i>Trachemys scripta elegans</i>), yellow-bellied sliders (<i>Trachemys scripta scripta</i>), Coastal plain cooters (<i>Pseudemys concinna floridana</i>), and hieroglyphic river cooters (<i>Pseudemys concinna hieroglyphica</i>)	1387
<i>Karina A. Mathes, Marcus Schnack, Karl Rohn, and Michael Fehr</i>	

Evaluation of the dens-to-axis length ratio and dens angle in toy-breed dogs with and without atlantoaxial instability and in healthy Beagles.	1400
<i>Fumitaka Takahashi, Takaharu Hakozi, Nobuo Kanno, Yasuji Harada, Shinya Yamaguchi, and Yasushi Hara</i>	

Digestive System - Nutrition

Effect of a high-fat-high-cholesterol diet on gallbladder bile acid composition and gallbladder motility in dogs	1406
<i>Toshiaki Kakimoto, Hideyuki Kanemoto, Kenjiro Fukushima, Koichi Ohno, and Hajime Tsujimoto</i>	

Microbiology

Analysis of the association between density of <i>Helicobacter</i> spp and gastric lesions in dogs.	1414
<i>Marcela Suárez-Esquivel, Alejandro Alfaro-Alarcón, Caterina Guzmán-Verri, and Elias Barquero-Calvo</i>	

Musculoskeletal System

- In vivo evaluation of effects of sedation on results of acoustoelastography of the superficial digital flexor tendons in clinically normal horses. 1421
Diego De Gasperi, Samantha L. Dzierzak, Peter Muir, Roy Vanderby Jr, and Sabrina H. Brounts

Physiology

- Effect of oral administration of meloxicam prior to transport on inflammatory mediators and leukocyte function of cattle at feedlot arrival 1426
Sarah F. Capik, Brad J. White, Robert L. Larson, Nicholas Van Engen, Natalia Cernicchiaro, Terry J. Engelken, Jeffrey Lakritz, Michael A. Ballou, Lindsey E. Hulbert, Rhonda C. Vann, Jeff L. Caswell, Gabriella Jacob, Jeffery A. Carroll, and Johann F. Coetzee
- Effect of meloxicam administration on movement, feeding, and drinking behaviors of transported and nontransported cattle 1437
Sarah F. Capik, Brad J. White, Robert L. Larson, Nicholas Van Engen, and Johann F. Coetzee

Respiratory System

- Effect of bilateral ventriculocordectomy via ventral laryngotomy on laryngeal airway resistance in larynges of canine cadavers. 1444
Penny J. Regier, Timothy C. McCarthy, and Eric Monnet
