

PARASITOLOGY

CONTENTS

REVIEW ARTICLES

Caenorhabditis elegans: nature and nurture gift to nematode parasitologists

Gustavo Salinas and Gastón Risi

979

Understanding host–parasite relationship: the immune central nervous system microenvironment and its effect on brain infections

Laura Adalid-Peralta, Brenda Sáenz, Gladis Frago and Graciela Cárdenas

988

Systematic review and meta-analysis on *Schistosoma mansoni* infection prevalence, and associated risk factors in Brazil

Maria Teresinha Gomes Casavechia, Gessilda de Alcântara Nogueira de Melo, Andrea Claudia Bekner Da Silva Fernandes, Karin Reinhold De Castro, Raissa Bocchi Pedroso, Thaís Da Silva Santos and Jorge Juarez Vieira Teixeira

RESEARCH ARTICLES

Optimized conditions for the *in vitro* excystation of *Calicophoron daubneyi* metacercariae

Kathryn M. Huson, Charlotte Wild, Caroline Fenn and Mark W. Robinson

1015

A minimalist macroparasite diversity in the round goby of the Upper Rhine reduced to an exotic acanthocephalan lineage

Gwendoline M. David, Cybill Staentzel, Olivier Schlumberger, Marie-Jeanne Perrot-Minnot, Jean-Nicolas Beisel and Laurent Hardion

1020

Toxoplasma gondii reorganizes the host cell architecture during spontaneous cyst formation *in vitro*

T. C. Paredes-Santos, E. S. Martins-Duarte, W. de Souza, M. Attias and R. C. Vommaro

1027

Monophyly of the species of *Hepatozoon* (Adeleorina: Hepatozoidae) parasitizing (African) anurans, with the description of three new species from hyperoliid frogs in South Africa

Edward C. Netherlands, Courtney A. Cook, Louis H. Du Preez, Maarten P.M. Vanhove, Luc Brendonck and Nico J. Smit

1039

Re-evaluation of the life cycle of *Eimeria maxima* Tyzzer, 1929 in chickens (*Gallus domesticus*)

J. P. Dubey and M. C. Jenkins

1051

Antichagasic effect of crotalicidin, a cathelicidin-like viperidicin, found in *Crotalus durissus terrificus* rattlesnake's venom gland

Izabel Cristina Justino Bandeira, Danya Bandeira-Lima, Clarissa Perdigão Mello, Ticiane Praciano Pereira, Ramon Róseo Paula Pessoa Bezerra De Menezes, Tiago Lima Sampaio, Cláudio Borges Falcão, Gandhi Rádis-Baptista and Alice Maria Costa Martins

1059

Entomopathogenic bacteria *Photobacterium luminescens* as drug source against *Leishmania amazonensis*

Ana Maria Antonello, Thaís Sartori, Ana Paula Folmer Correa, Adriano Brandelli, Ralf Heermann, Luiz Carlos Rodrigues Júnior, Alessandra Peres, Pedro Roosevelt Torres Romão and Onilda Santos Da Silva

1065

Reduced cardiotoxicity and increased oral efficacy of artemether polymeric nanocapsules in *Plasmodium berghei*-infected mice

Ana Carolina Moreira Souza, Vanessa Carla Furtado Mosqueira, Ana Paula Amariz Silveira, Lidianne Rodrigues Antunes, Sylvain Richard, Homero Nogueira Guimarães and Andrea Grabe-Guimarães

1075

De novo synthesis of thiamine (vitamin B1) is the ancestral state in *Plasmodium* parasites – evidence from avian haemosporidians

Olof Hellgren, Staffan Bensch and Elin Videvall

1084

Immune complex detection in saliva samples: an innovative proposal for the diagnosis of human strongyloidiasis

L. R. Bosqui, A. L. R. Gonçalves, M. R. F. Gonçalves-Pires, W. R. Pavanelli, I. Conchon-Costa, J. M. Costa-Cruz and I. N. Costa

1090

The role of the mussel *Mytilus* spp. in the transmission of ostreid herpesvirus-1 microVar

A. J. O' Reilly, C. Laide, A. Maloy, S. Hutton, B. Bookelaar, K. O' Sullivan, S. A. Lynch and S. C. Culloty

1095

Evidence for trophic transfer of *Inodosporus octospora* and *Ovipleistophora arlo* n. sp. (Microsporidia) between crustacean and fish hosts

G.D. Stentiford, S. Ross, D. Minardi, S.W. Feist, K.S. Bateman, P.A. Gainey, C. Troman and D. Bass
