Anesthesia - Analgesia

Effects of two levels of partial neuromuscular block with atracurium on the ventilatory response to hypercapnia in anesthetized Beagles	915
<i>Daniel M. Sakai and Manuel Martin-Flores</i>	

Effects of the peripherally acting α_2 -adrenoceptor antagonist MK-467 on cardiopulmonary function in sheep sedated by intramuscular administration of medetomidine and ketamine and reversed by intramuscular administration of atipamezole.	921
<i>Magdy Adam, Marja R. Raekallio, Kati M. Salla, Juhana M. Honkavaara, Sofia Männikkö, Mika Scheinin, Marena Kajula, Sari H. Mölsä, and Outi M. Vainio</i>	

Bone, Joint, and Cartilage

In vitro effects of three equimolar concentrations of methylprednisolone acetate, triamcinolone acetonide, and isoflupredone acetate on equine articular tissue cocultures in an inflammatory environment.	933
<i>Richard A. Trahan, Christopher R. Byron, Linda A. Dahlgren, R. Scott Pleasant, and Stephen R. Werre</i>	

Infectious Disease

Assessment of pig saliva as a <i>Streptococcus suis</i> reservoir and potential source of infection on farms by use of a novel quantitative polymerase chain reaction assay.	941
<i>Sakura Arai, Hyunjung Kim, Takayasu Watanabe, Mari Tohya, Eriko Suzuki, Kasumi Ishida-Kuroki, Fumito Maruyama, Kazunori Murase, Ichiro Nakagawa, and Tsutomu Sekizaki</i>	

Neurology

Retention of gadolinium in the brains of healthy dogs after a single intravenous administration of gadodiamide	949
<i>Jennifer M. Gambino, Judy R. James, John P. Buchweitz, A. Jim Cooley, Amanda M. Lawrence, Robert W. Wills, and Alison M. Lee</i>	

Oncology

Prognostic value of CD44 variant isoform expression in dogs with multicentric high-grade B-cell lymphoma.	961
<i>Tomoki Motegi, Hirotaka Tomiyasu, Yuko Goto-Koshino, Masashi Takahashi, Saaya Hiyoshi-Kanemoto, Yasuhito Fujino, Koichi Ohno, and Hajime Tsuimoto</i>	

- Retrospective analysis of corrosion and ion release from retrieved cast stainless steel tibia plateau leveling osteotomy plates in dogs with and without peri-implant osteosarcoma 970
Christoph M. Sprecher, Stefan Milz, Thomas Suter, John H. Keating, Robert J. McCarthy, Boyko Gueorguiev, and Randy J. Boudrieau

Ophthalmology

- Effects of prostaglandin-mediated and cholinergic-mediated miosis on morphology of the ciliary cleft region in dogs 980
Sangwan Park, Seonmi Kang, Jaegook Lim, Eunjin Park, Taekjin Nam, Seowoo Jeong, and Kangmoon Seo

Physiology

- Endotoxin-induced changes of type VII collagen–cleaving matrix metalloproteinases in lamellar tissue of extracorporeally perfused equine limbs. 986
Bianca Patan-Zugaj, Felicia C. Gauff, Monika Egerbacher, and Theresia F. Licka

Surgery

- Feasibility of near-infrared fluorescence imaging for sentinel lymph node evaluation of the oral cavity in healthy dogs. 995
Katy L. Townsend, Milan Milovancev, and Shay Bracha
- Efficacy of application of an alcohol-based antiseptic hand rub or a 2% chlorhexidine gluconate scrub for immediate reduction of the bacterial population on the skin of dogs. 1001
Elizabeth A. Maxwell, R. Avery Bennett, and Mark A. Mitchell
