Anesthesia - Analgesia

Investigation of the effects of vatinoxan on somatic and visceral antinociceptive efficacy of medetomidine in dogs	299
<i>Vilhelmiina Huuskonen, Flavia Restitutti, Juhana M. Honkavaara, Marja R. Raekallio, Sofia Männikkö, Mika Scheinin, and Outi M. Vainio</i>	

Bone, Joint, and Cartilage

Evaluation of agreement and correlation of results obtained with MRI-based and macroscopic observation-based grading schemes when used to assess intervertebral disk degeneration in cats	309
<i>Neringa Alisauskaite, Thomas Bitterli, Patrick R. Kircher, Antonio Pozzi, Guy C. M. Grinwis, Frank Steffen, and Lucas A. Smolders</i>	

Cardiovascular System

Evaluation of dose-response effects of short-term oral prednisone administration on clinicopathologic and hemodynamic variables in healthy dogs	317
<i>Rebecca L. Tinklenberg, Shane D. Murphy, Jonathan P. Mochel, Yeon-Jung Seo, Alyssa L. Mahaffey, Yuqi Yan, and Jessica L. Ward</i>	

Diagnostic Imaging

Investigation of optimal sample preparation conditions with potassium triiodide and optimal imaging settings for microfocus computed tomography of excised cat hearts	326
<i>Ian C. Simcock, J. Claran Hutchinson, Susan C. Shelmerdine, Jose Novos Matos, Neil J. Sebire, Virginia Luis Fuentes, and Owen J. Arthurs</i>	

Epidemiology - Statistic Modeling

Novel use of an activity monitor to model jumping behaviors in cats	334
<i>Kate P. Sharon, Caryn M. Thompson, B. Duncan X. Lascelles, and Rudolph S. Parrish</i>	

Immunology

Use of a biopolymer delivery system to investigate the influence of interleukin-4 on recruitment of neutrophils in equids	344
<i>Mireille Godbout, Amandine Vargas, Pierre H��lie, Michela Bullone, and Jean-Pierre Lavoie</i>	

Neurology

- Expression of microRNAs in plasma and in extracellular vesicles derived from plasma for dogs with glioma and dogs with other brain diseases 355
Momoko Narita, Hidetaka Nishida, Ryota Asahina, Kohei Nakata, Hirohito Yano, Peter J. Dickinson, Toshiyuki Tanaka, Hideo Akiyoshi, Sadatoshi Maeda, and Hiroaki Kamishina

Pharmacology

- Pharmacokinetics of hydromorphone hydrochloride after intravenous and intramuscular administration in guinea pigs (*Cavia porcellus*) 361
Barbara Ambros, Heather K. Knych, and Miranda J. Sadar

Surgery

- Effects of intervertebral distraction screw fixation of the lumbosacral joint on the adjacent lumbar segments in Beagles 367
Hirofumi Tanoue, Rika Uchiyama, Hideyuki Fukuda, Tom Ichinohe, Nobuo Kanno, Shuji Suzuki, Yasuji Harada, and Yasushi Hara

Urology

- Glomerular filtration rate determined by measuring serum clearance of a single dose of inulin and serum symmetric dimethylarginine concentration in clinically normal cheetahs (*Acinonyx jubatus*) 375
Carlos R. Sanchez, Lee-Ann C. Hayek, Ellen P. Carlin, Scott A. Brown, Scott Citino, Laurie Marker, Krista L. Jones, and Suzan Murray
