ARTICLES

- M. CEVIK AND F. ICIER** 277
Characterization of viscoelastic properties of minced beef meat thawed by ohmic and conventional methods
- J. XIE, Z. WANG, S. WANG AND Y.-F. QIAN** 291
Textural and quality changes of hairtail fillets (*Trichiurus haumela*) related with water distribution during simulated cold chain logistics
- A. DRASZANOWSKA, M. KARPI SKA-TYMOSZCZYK AND M.A. OLSZEWSKA** 300
The effect of ginger rhizome and refrigerated storage time on the quality of pasteurized canned meat
- S. HUSSAIN, A.A. MOHAMED, M.S. ALAMRI, M.A. IBRAHEEM, A.A. ABDO QASEM, M.F.S. EL-DIN AND S.A.M. ALMAIMAN** 311
Wheat-millet flour cookies: Physical, textural, sensory attributes and antioxidant potential
- L.S. SCIARINI, M.E. STEFFOLANI, A. FERNÁNDEZ, C. PAESANI AND G.T. PÉREZ** 321
Gluten-free breadmaking affected by the particle size and chemical composition of quinoa and buckwheat flour fractions
- K. MONALISA, J.A. BHUIYAN, M.Z. ISLAM AND A.S.M. SAYEM** 333
Boiling-induced changes on physicochemical, bioactive compounds, color, and texture properties of pumpkin (*Cucurbita maxima*)
- R. CARBÓ, E. GORDÚN, A. FERNÁNDEZ AND M. GINOVART** 344
Elaboration of a spontaneous gluten-free sourdough with a mixture of amaranth, buckwheat, and quinoa flours analyzing microbial load, acidity, and pH
- S. DA COSTA BRITO, J.D. BRESOLIN, K. SIVIERI AND M.D. FERREIRA** 353
Low-density polyethylene films incorporated with silver nanoparticles to promote antimicrobial efficiency in food packaging
