Anesthesia - Analgesia

Perioperative analgesia associated with oral administration of a novel methadone-fluconazole-naltrexone formulation in dogs undergoing routine ovariohysterectomy	699
<i>Butch KuKanich, Kate KuKanich, David C. Rankin, David A. Upchurch, Alyssa Comroe, Brad Crauer, Kara Berke, Emily E. Klocke, Sara E. Gonzalez, Diane Mason, Gina Jensen, Ron Orchard, Alyson H. Fitzgerald, Peter Cho, and Marissa Komp</i>	

Antimicrobials

Pharmacokinetics of danofloxacin following intramuscular administration of a single dose in koi (<i>Cyprinus carpio</i>)	708
<i>Christine A. Parker-Graham, Wesley C. Siniard, Barbara A. Byrne, Heather K. Knych, and Esteban Soto</i>	

Biomechanics

Effect of suture caliber on the tensile strength of tenorrhaphies in cadaveric canine tendons	714
<i>Daniel J. Duffy, Chiara J. Curcillo, Yi-Jen Chang, and George E. Moore</i>	

Cardiovascular System

Visual representations of canine cardiac arrhythmias with Lorenz (Poincaré) plots.	720
<i>Dylan J. DeProspero and Darcy B. Adin</i>	

Diagnostic Imaging

Effect of slice thickness on computed tomographic perfusion analysis of the pancreas in healthy dogs.	732
<i>Seungjo Park, Jin-Woo Jung, Hyejin Je, Youjung Jang, and Jihye Choi</i>	

Pharmacology

Pharmacokinetics and efficacy of trazodone following rectal administration of a single dose to healthy dogs	739
<i>Erica M. O'Donnell, Saya A. Press, Margo J. Karriker, and Stephanie A. Istvan</i>	

Surgery

- Feasibility and efficacy of ultrasonographic and laparoscopic guidance for microwave ablation
of clinically normal canine ovaries 747

*Valentine D. Verpaalen, J. Brad Case, Michael J. Dark, S. Joel Cardenas-Goicoechea, Matt D. Winter,
Sarah E. Boston, Fernando Garcia-Pereira, Alice S. Rhoton-Vlasak, and Beau B. Toskich*

- Comparison of the use of a vessel-sealing device versus ligatures for occlusion
of uterine tissues during ovariectomy or ovariectomy in rabbits
(*Oryctolagus cuniculus*) 755

Euan J. McLean, Andrew P. Woodward, and Stewart D. Ryan
