Anesthesia - Analgesia

Evaluation of the thermal antinociceptive effects of hydromorphone hydrochloride after intramuscular administration to orange-winged Amazon parrots (<i>Amazona amazonica</i>)	775
<i>David Sanchez-Migallon Guzman, Jamie M. Douglas, Hugues Beaufrère, and Joanne R. Paul-Murphy</i>	

Antimicrobials

Single-dose pharmacokinetics of orally administered metronidazole and intravenously administered imipenem in healthy horses and computer-based simulation of pleural fluid concentrations with multiple dosing	783
<i>Taisuke Kuroda, Shun-ichi Nagata, Norihisa Tamura, Yuta Kinoshita, Hidekazu Niwa, Hiroshi Mita, Takuto Minami, Kentaro Fukuda, Seiji Hobo, and Atsutoshi Kuwano</i>	

Biomechanics

Transference of reference intervals for variables of instrumented gait analysis in walking dogs	790
<i>Anastasia M. Olsen, Nicolaas E. Lambrechts, Hsin-Yi Weng, Kristine A. Kazmierczak, Felix M. Duerr, and Gert J. Breur</i>	

Diagnostic Imaging

Evaluation of the changes in hepatic apparent diffusion coefficient and hepatic fat fraction in healthy cats during body weight gain	796
<i>Gian-Luca Steger, Elena Salesov, Henning Richter, Claudia E. Reusch, Patrick R. Kircher, and Francesca Del Chicca</i>	

Musculoskeletal System

Reliability of kinetic measurements of healthy dogs examined while walking on a treadmill	804
<i>Sebastian Pietsch, Stephanie Steigmeier-Raith, Sven Reese, and Andrea Meyer-Lindenberg</i>	

Oncology

- Biochemical, functional, and histopathologic characterization of lomustine-induced liver injury in dogs 810
Andrea M. Dedeaux, Brian K. Flesner, Jennifer M. Reinhart, Ingeborg M. Langohr, Roman Husnik, Shawn N. Geraci, Joseph Taboada, Nathalie Rademacher, Lori A. Thombs, Jeffrey N. Bryan, Lauren A. Trepanier, and Bonnie B. Boudreaux

Surgery

- In vitro holding security of four friction knots of monofilament or multifilament suture used as a first throw for vascular ligation 821
Giovanni Tremolada, Kurt M. Hazenfield, and Daniel D. Smeak
- Comparison of intestinal leak pressure between cadaveric canine and commercial synthetic intestinal tissue that did and did not undergo enterotomy 827
Penny J. Regier, Mark J. Fealey, Stanley E. Kim, J. Brad Case, and Fernando Garcia-Pereira

Errata

- Erratum: Effect of suture caliber on the tensile strength of tenorrhaphies in cadaveric canine tendons 820
- Erratum: Ultrasonographic and hormonal characterization of reproductive health and disease in wild, semiwild, and aquarium-housed southern stingrays (*Hypanus americanus*) 826
