| JAVMA News Digest ..... | 92 |
|-------------------------|----|

**Antimicrobials**

|  |    |
|--|----|
| Time required to achieve maximum amikacin concentration in the synovial fluid of the tarsocrural joint following administration of the drug by intravenous regional limb perfusion in horses ..... | 99 |
| Isabelle Kilcoyne, Jorge E. Nieto, Larry D. Galuppo, and Julie E. Dechant  |    |

**Clinical Pathology**

|  |     |
|--|-----|
| Evaluation of two benchtop blood gas analyzers for measurement of electrolyte concentrations in venous blood samples from dogs ..... | 105 |
| Katrina L. Schmitz, Unity Jeffery, Justin A. Heinz, and Christine R. Rutter  |     |

**Endocrinology**

|  |     |
|--|-----|
| Evaluation of the expression of hexokinase I, glucokinase, and insulin by canine insulinoma cells maintained in short-term culture ..... | 110 |
| Orn-usa Suwitheecon and Thomas Schermerhorn  |     |

**Microbiology**

|  |     |
|--|-----|
| Safety and efficacy of cold atmospheric plasma for the sterilization of a <i>Pasteurella multocida</i> –contaminated subcutaneously implanted foreign body in rabbits .....                                  | 118 |
| Haileigh K. Avellar, Megan R. Williams, João Brandão, Sai Narayanan, Akhilesh Ramachandran, Todd C. Holbrook, Mike J. Schoonover, Keith L. Bailey, Mark E. Payton, Kedar Kamlakant Pai, and Chris T. Timmons |     |

**Musculoskeletal System**

|  |     |
|--|-----|
| Ex vivo effects of corticosteroids on equine deep digital flexor and navicular fibrocartilage explant cell viability ..... | 125 |
| Stasia N. Sullivan, Sara L. Cole, Matthew C. Stewart, Matthew T. Brokken, and Sushmitha Durgam                             |     |

**Neurology**

|   |     |
|---|-----|
| Evaluation of cell-based and tissue-based immunofluorescent assays for detection of glial fibrillary acidic protein autoantibodies in the cerebrospinal fluid of dogs with meningoencephalitis of unknown origin and other central nervous system disorders ..... | 132 |
| Aaron J. Rozental, Stephanie McGrath, Allison P. Mooney, Shannon R. Hinson, Andrew McKeon, Sean J. Pitcock, Chase C. Gross, and Kenneth L. Tyler  |     |

---

## **Ophthalmology**

- Investigation of the effects of orally administered trazodone on intraocular pressure, pupil diameter, physical examination variables, and sedation level in healthy equids ..... 138  
Alexandra L. Moss, Rachel L. Hritz, Rachel C. Hector, and Kathryn L. Wotman

## **Physiology**

- Urodynamic and morphometric characteristics of the lower urogenital tract of male Beagle littermates from four months to two years of age ..... 144  
Mathilde M. Porato, Stéphanie M. Noël, Géraldine E. Bolen, Jean de Leval, Evelyne V. Moyse, Véronique Limpens, Mickaël Dourcy, and Annick J. Hamaide

## **Respiratory System**

- Surfactant protein D concentrations in serum and bronchoalveolar lavage fluid from young healthy horses on pasture and in a barn environment ..... 152  
Amy E. Daly, Clayton G. Deible, Christina E. Lamb, Sofia M. Santacaterina, Natasha L. Marzolf, Allen E. Page, David W. Horohov, Paul L. Wood, Stephen R. Werre, Seth E. Chapman, and Undine Christmann
